

Welcome to Worthington Country Club!

We are extremely proud of our top tier Gated Bundled Community supporting an active Florida lifestyle! Winding through our well maintained and diverse collection of “neighborhoods”, the physical centerpiece of our community is our recently renovated 5.5 million dollar golf course designed by world acclaimed architect Ron Garl. His designs have hosted over 30 PGA events, The Johnnie Walker Classic & The Asian Games. The course offers both playability and challenge for players of all abilities. (yardage from 4,574 to 6,730)

Our golf course features the golf professional’s choice in Celebration grass fairways, Tiff-Eagle greens and state of the art ‘capillary bunkers’ (no more standing water). This is all accompanied by a new digital irrigation and drainage system that can monitor and manage the course down to a single square foot.

Our members are proud to play and entertain family and friends as our ongoing “Beautification Program” highlights the commitment to our community.

After golf, enjoy a beverage and light lunch at our pool side “Cabana” or visit our beautiful Clubhouse for a casual or fine dining experience!

In our Pro Shop you will be greeted and served by a friendly staff led by our Class “A” PGA Professionals. Our professional team offers golf club fittings, demo days by the leading club manufacturers, individual lessons and “play with the pro days”. Please enjoy taking some time to browse through the Pro Shop, featuring golf accessories and the latest in golf fashions.
